

MEETING OF THE DGMS INTEREST GROUP FT-MS AND HR-MS IN ROSTOCK

21-22 SEPTEMBER 2023

ABSTRACT DEADLINE

25. August 2023

COSTS

None – Conference attendance is free!

WHERE

Universität Rostock
Albert-Einstein-Straße 25/27
18059 Rostock

CONTACT

christopher.rueger@uni-rostock.de

We are pleased to invite you to the biennial meeting of the interest group “FT-MS and High-Resolution MS” of the German Society for Mass Spectrometry (DGMS). The interest group aims to offer a forum for those working with FT-ICR-MS and other high-resolution instrumentation such as Orbitrap or TOF instruments. It is open to all doing high-resolution and accurate mass analyses. Everyone interested in advanced mass spectrometry exploring the potential of high mass resolution and accuracy is invited.

The conference will take place at the Natural Science Campus of the University of Rostock (Campus “Südstadt”) at the Research Building of the Department Life, Light & Matter.
